

HOW TO DO COMMON TASKS – Marking messages as favorites, Adding tags & assigning stat priority to messages.

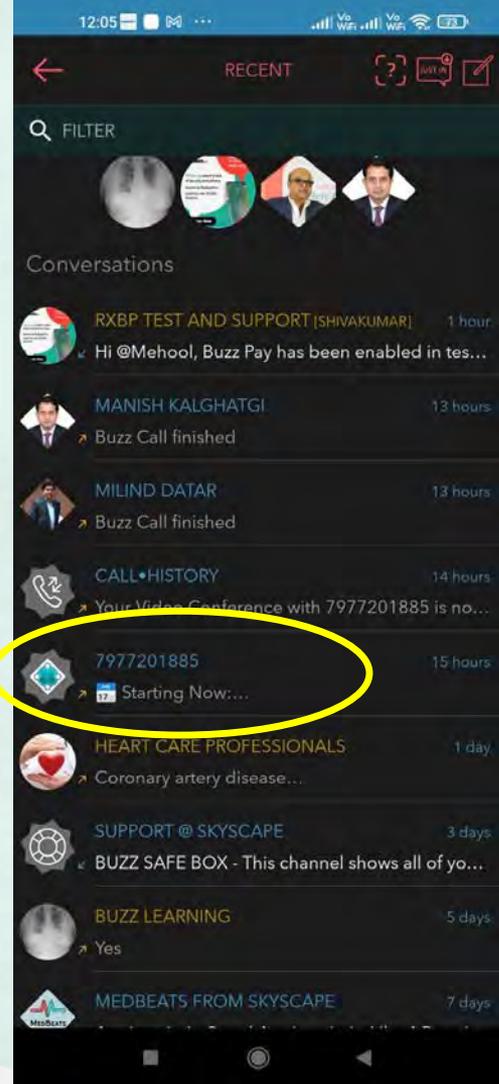

Tap on chats

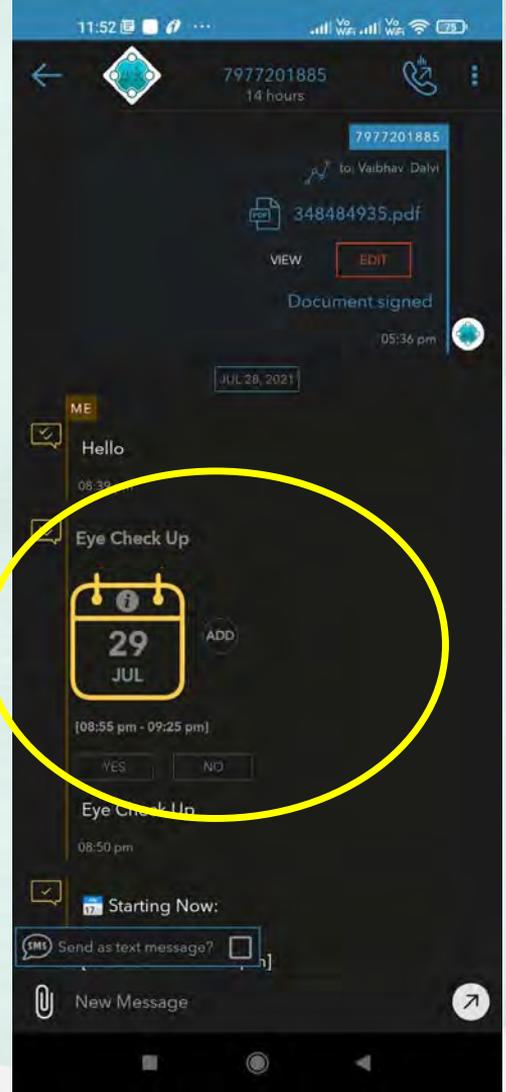

Tap on contact or group

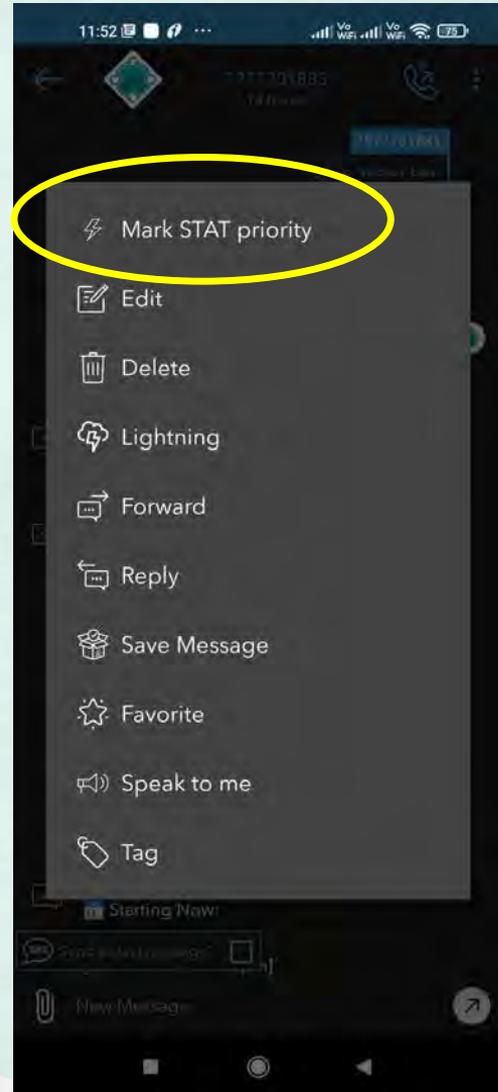

Tap on message to make it priority

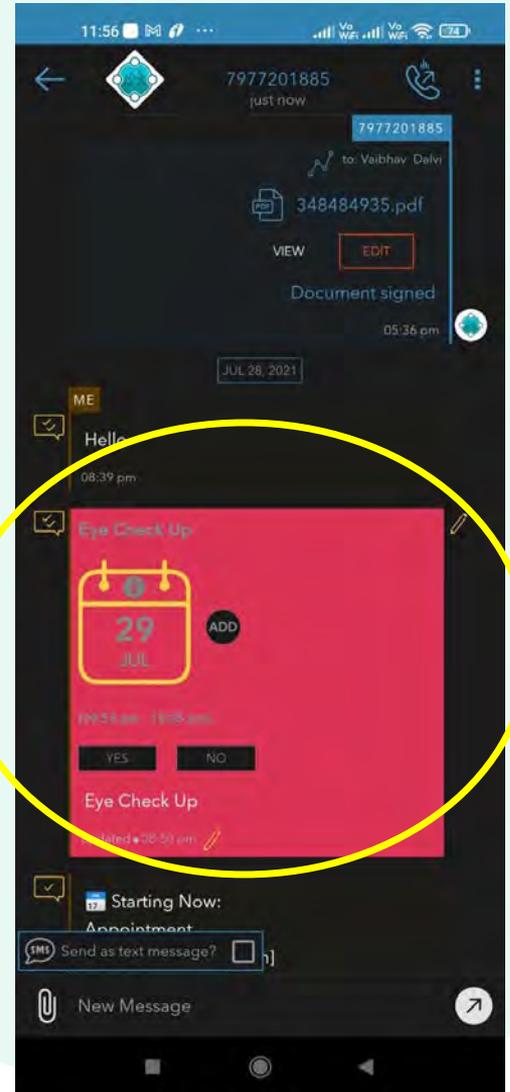

Tap on Mark stat priority

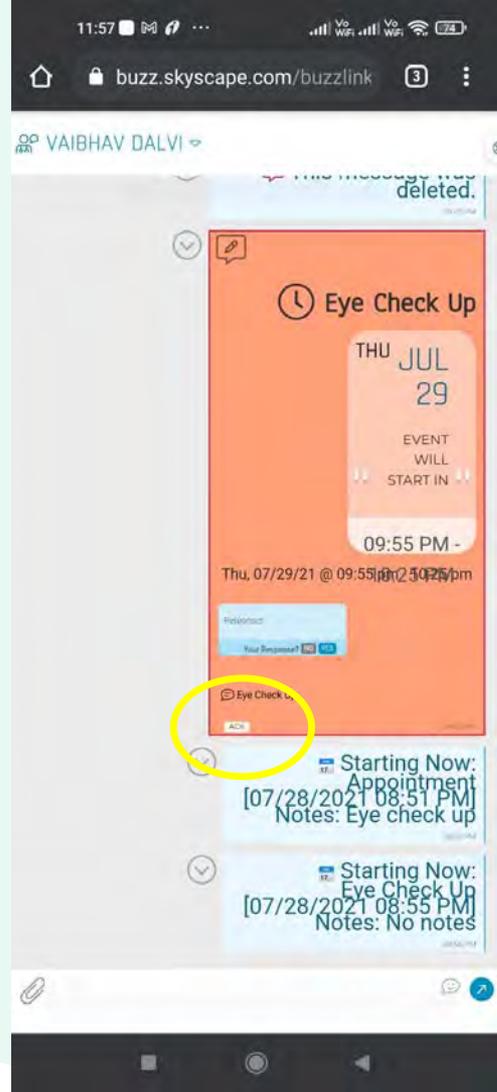

It will highlight message and receiver will understand its high priority message.

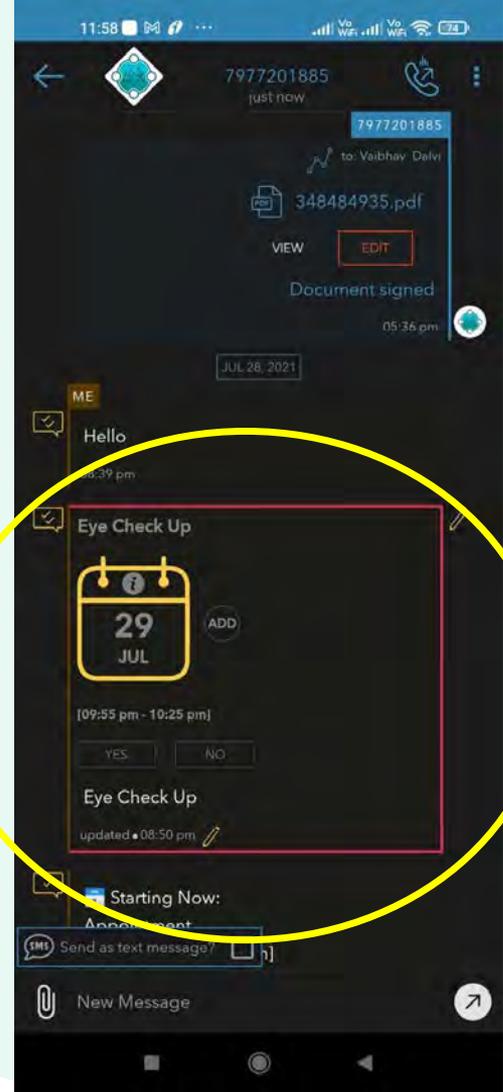

Non buzz user can see message in browser by clicking link received via SMS. Receiver will acknowledge message by clicking highlighted acknowledge button.

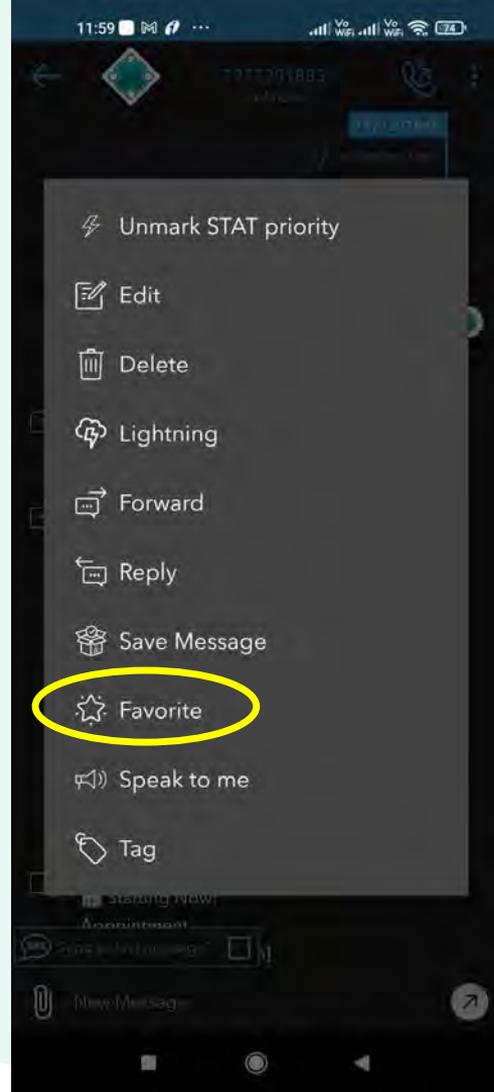

After acknowledging the message, its borders will be highlighted. Tap on message to make it favourite.

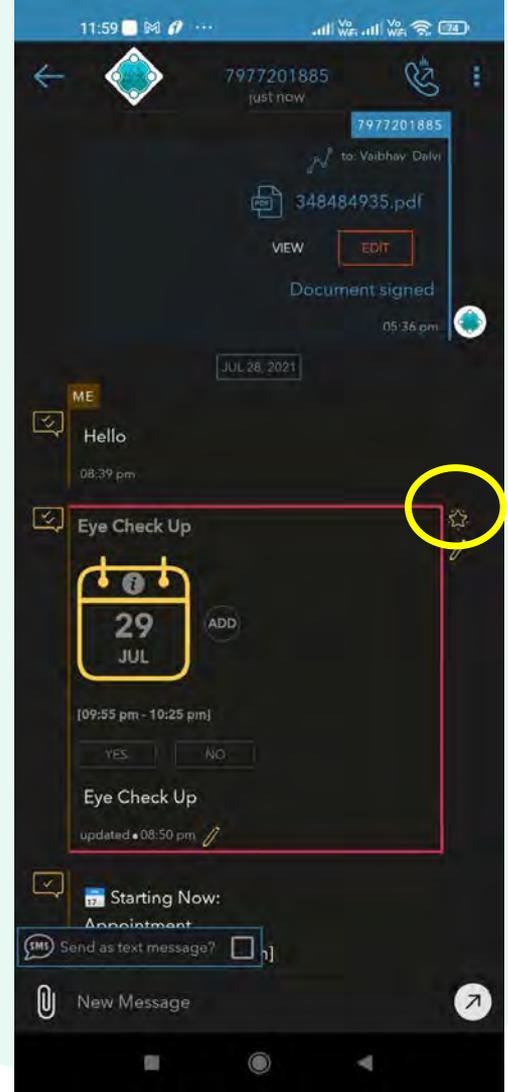

Tap on favorite.

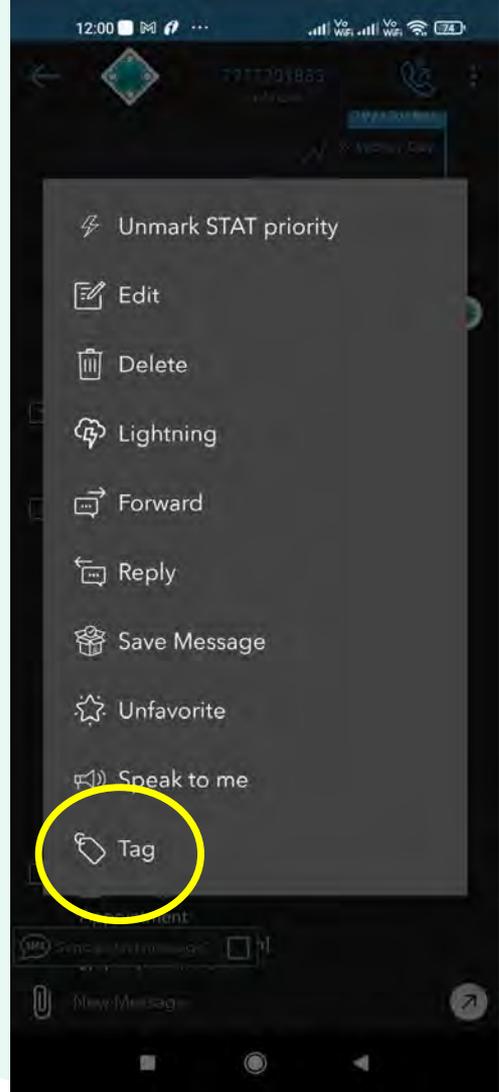

Star sign will come at the right side of message means now this message is favourite. Again, tap on message to add Tags and Notes

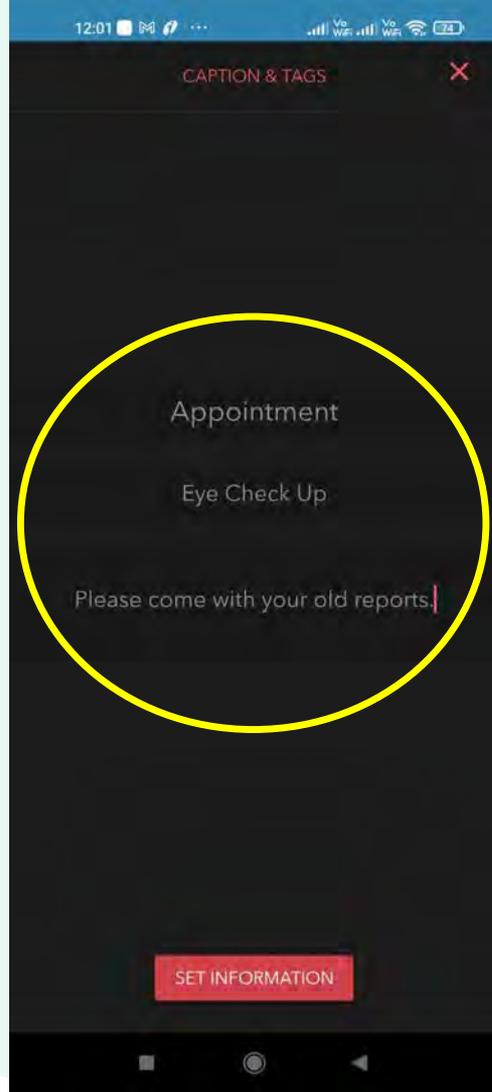

Tap on tag button to add tags and notes to messages.

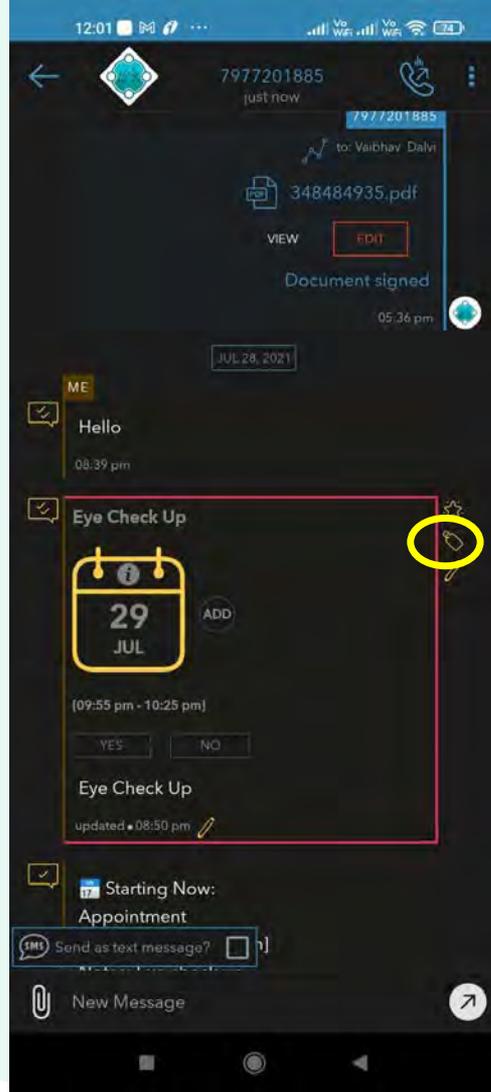

Add Tags and Notes to
the message

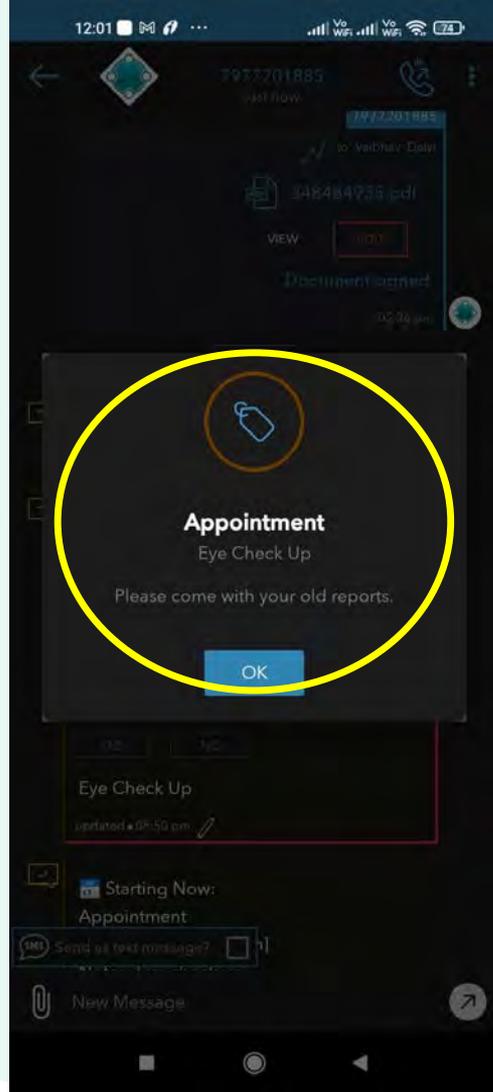

Now you can see tags added to message. Tap on highlighted icons.

You can see Tags details.

Congratulations!
